...The extermination campaign.

...Operation D?

Operation D. start

Commencing the descent of the entire fleet.

...on Knives.

We're going to launch one massive attack...

...Is it

...really OK? to go through with this?

A massive attack?!

You mean that thunder-clap-like thing from before?

When all seven battleships concentrate their energy within the planet's atmosphere, the surface will be severely damaged by the shockwave's radiation.

It won't be perfect.

Roughly 10% of the population will have to become scapegoats.

This must be stopped!!!

That's...!!

...!?

This isn't a matter for mere individuals such as us to decide.

...It's no use. Operation D has already been approved by Earth's central government.

Panse-san!!

Even as we speak, Knives' power grows exponentially.

But that's not all.

An individual arguing against the fleet is something unprecedented in all of history.

You two both saw it... the remains of the Namoryphe after that attack.

But if we choose now, we may be able to save the remains of the planet from further catastrophe.

To us... this is the worst possible circumstance.

Now he exists as a threat to all the millions of people that exist in the entire Milky Way Galaxy.

SENPAI!!

SENPAI, SENPAI, SENPAI, SENPAI!!

SENPAI!!

That's no different than...

Don't be ridiculous!!

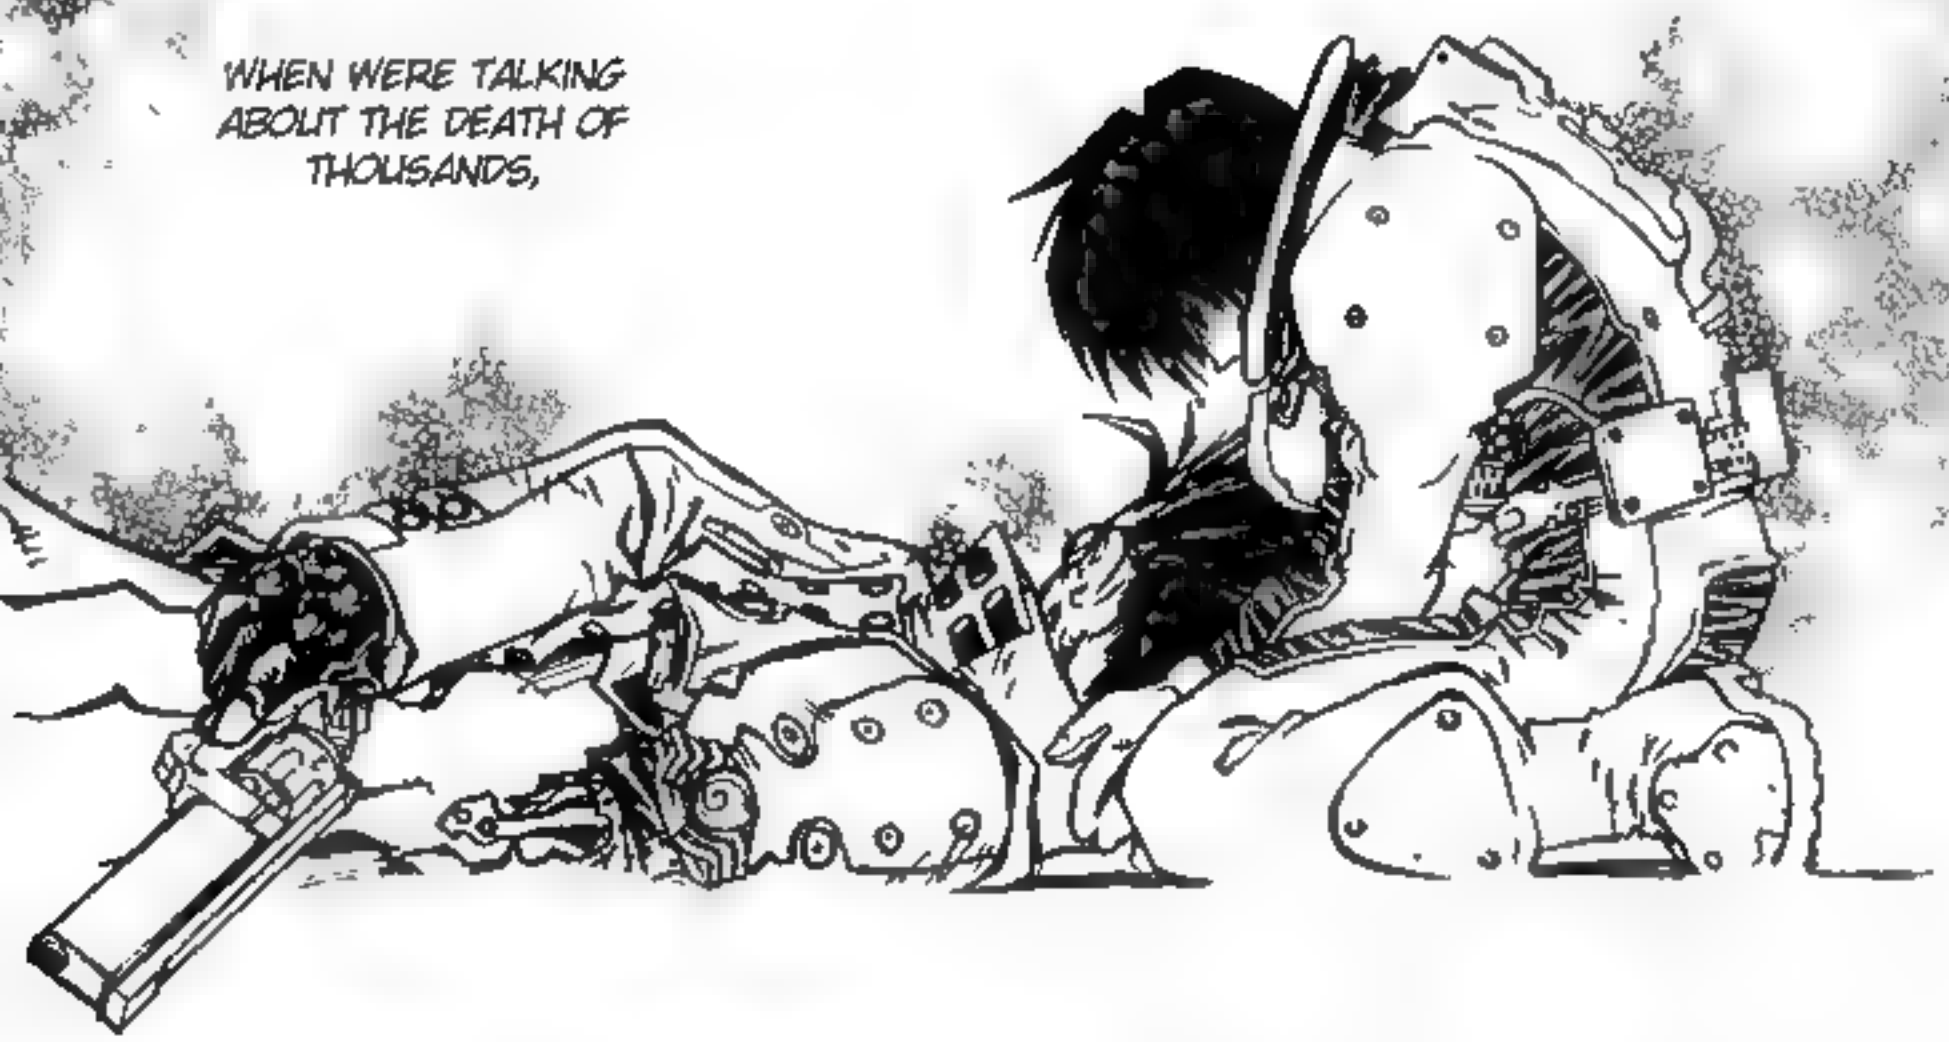
I SEE HIM!!

THAT GUY...
THAT MAN... WAS...!!
IN ORDER... TO PROTECT... ME...
I... MADE YOU SHOOT HIM...

...WAS KILLED BY ME.
THAT MAN...

JUST NOW...

WHEN WERE TALKING ABOUT THE DEATH OF THOUSANDS,



...I HAD...

...THAT SOMETHING TERRIBLE HAPPENED.

...FROM THAT HIGH, FAR-OFF PLACE...

...A SINKING FEELING...

Aa...
